ASSOCIATE MEMBERSHIP BENEFITS

Dear Business Owner,

Thanks for considering an Associate Membership with the Fox Valley Chapter of the Wisconsin Landscape Contractors Association! This robust, active, local organization is comprised of full-time members who work in or with the green industry in our area. We partner with Associate Members—typically, businesses that provide products or services which support our members' businesses. Associate Members reap many of the benefits that come with a WLCA membership, but with reduced commitments of time and money. Consider how a minimal investment can pay off in a big way:

- **Your company's name featured on our Association's web page**, providing unlimited 24-hour Internet exposure!
- **An invitation to attend a total of four of our monthly meetings**—March, May, July, and October. In addition to planned speakers, these meetings provide a meal, informal time to chat, and a sense of which items are receiving attention on our business agenda.
- **Face-to-face, relationship-building interaction with the decision-making company owners** that comprise our membership! Every member is a viable potential customer!

We sincerely hope that you'll accept our invitation to join with us in growing business partnerships and the green industry in northeast Wisconsin!

Sincerely

Wisconsin Landscape Contractors Association Fox Cities
